SHADE VARIATION

Shade variation is how varied the color, texture, and patterns will be from one piece of tile to the next. It ranges from V1, little variation between pieces to V4 which is substantial variation between color & pattern.

***All tiles in this catalog are V1 unless noted.**

CUSTOM FABRICATION

Classic Pool Tile & Stone makes it possible to create stunning granite and travertine coping solutions.

CPTNS CUSTOM COPING

Stone coping doesn't have to be square. Start with your vision and Classic Pool Tile & Stone will take care of the rest.

1 SITE VISIT

First we go on-site to take measurements and draw a diagram of the pool perimeter to determine the size and shape of the custom coping pieces.

2 TEMPLATES

Second we make templates to be used in fabricating the custom coping pieces.

3 FABRICATION

Third we fabricate each individual coping piece and we mark each piece to correspond with the diagram of the pool perimeter.

4 INSTALLATION

Installation is very straightforward, just match the custom pieces to their corresponding spot on the diagram.

Custom pieces crafted from New Brielle Silver granite.

5 ENJOY!

The custom coping pieces make for a beautiful, continuous pool perimeter.

Look for more stunning examples of custom curved stone coping on the following pages.
Curved stone coping creates an incredible aesthetic addition to any pool!
